

Team Roster

Dear Managers,
We now are putting the following rules into effect.

- 1) **All teams are required to turn in a completed roster by their second game.**
- 2) **You are allowed to pick up unrostered players until you have 2 subs. At that point, you are no longer allowed to pick up any additional players. (This does not apply to rostered players – you are allowed up to 15 rostered players on a team.)**
